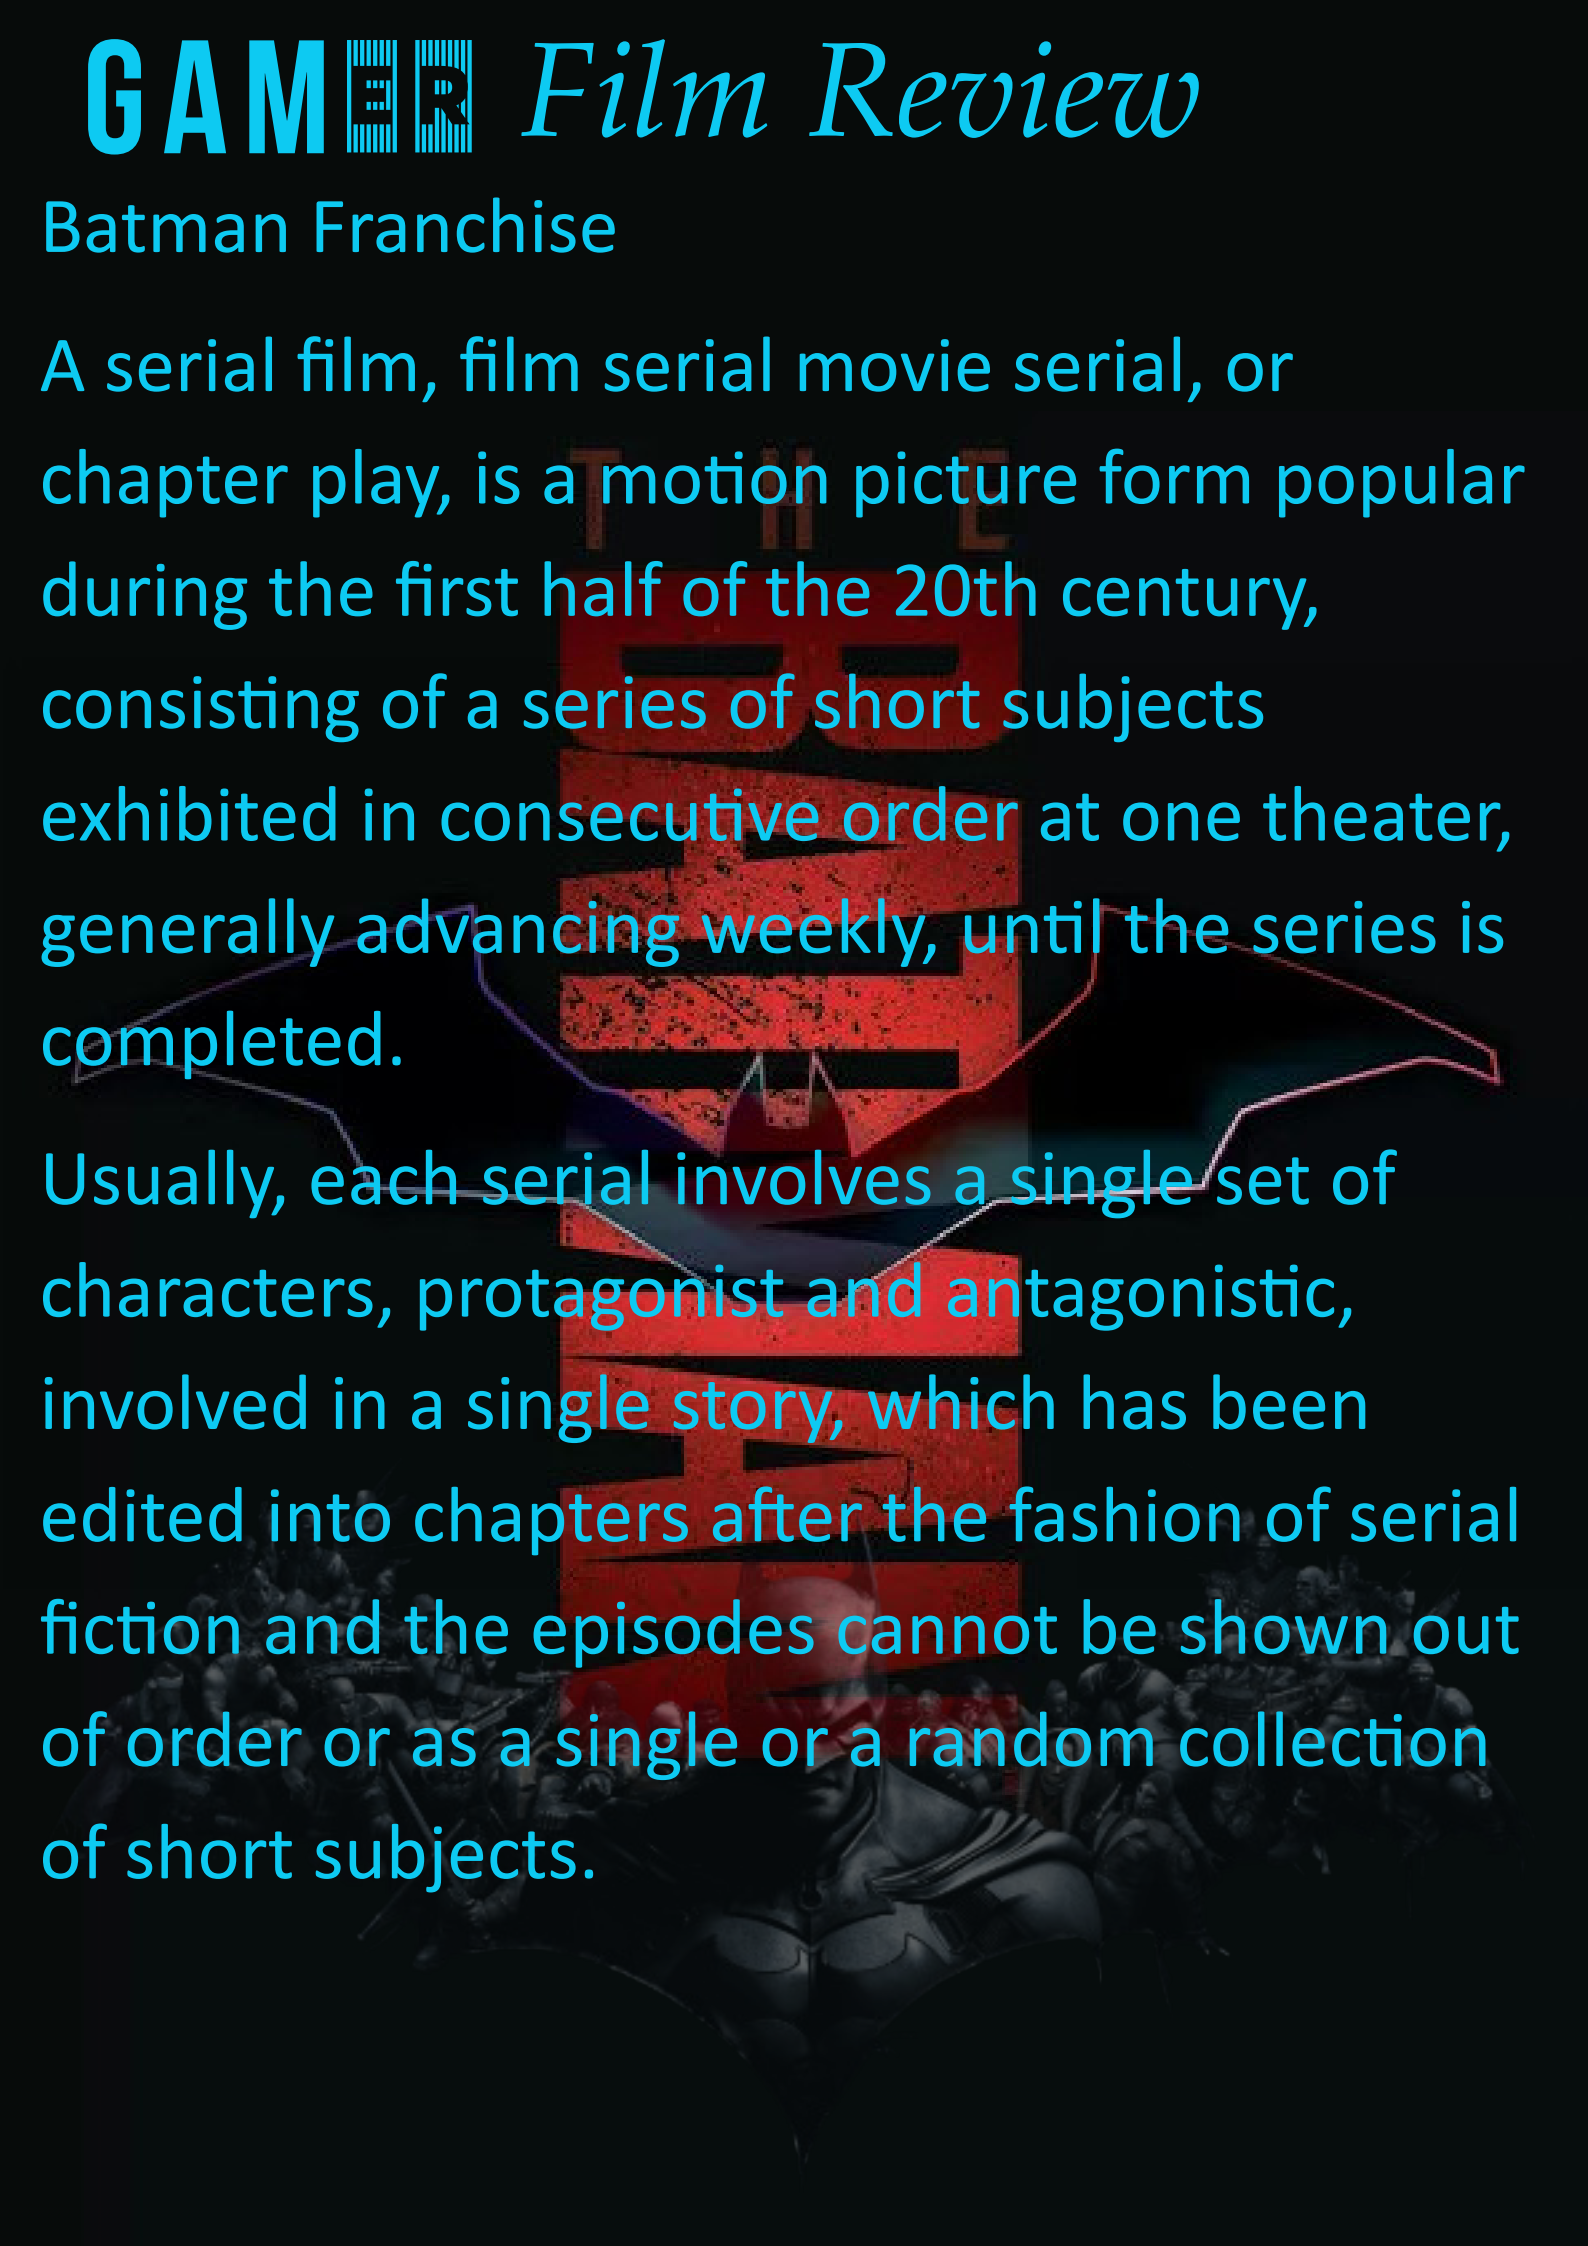
GAMER *Film Review*

Batman Franchise

A serial film, film serial movie serial, or chapter play, is a motion picture form popular during the first half of the 20th century, consisting of a series of short subjects exhibited in consecutive order at one theater, generally advancing weekly, until the series is completed.

Usually, each serial involves a single set of characters, protagonist and antagonistic, involved in a single story, which has been edited into chapters after the fashion of serial fiction and the episodes cannot be shown out of order or as a single or a random collection of short subjects.



GAMER *Film Review*

Batman Franchise

Each chapter was screened at a movie theater for one week and ended with a cliffhanger, in which characters found themselves in perilous situations with little apparent chance of escape.

Viewers had to return each week to see the cliffhangers resolved and to follow the continuing story.

GAMER *Film Review*

Batman (1943)

The film is notable for being the first filmed appearance of Batman and for providing two core elements of the Batman.

The film introduced "The Bat's Cave" and the Grandfather clock entrance. The name was altered to the Bat cave for the comic. William Austin, who played Alfred, had a trim physique and sported a thin mustache, while the contemporary comic book version of Alfred was overweight and clean-shaven before the serial's release. The comic version of Alfred was altered to match that of Austin's and has stayed that way.

GAMER *Film Review*

Batman and Robin (1949)

Batman and Robin was another 15-chapter serial film released in 1949 by Columbia Pictures. Robert Lowery played Batman, while Johnny Duncan played Robin. Supporting players included Jane Adams as Vicki Vale and veteran character actor Lyle Talbot as Commissioner Gordon. The plot dealt with the Dynamic Duo facing off against the Wizard, a hooded villain whose identity remains a mystery throughout the serial until the end.

GAMER *Film Review*

Batman: The Movie (1966)

Adam West played the first television version of Batman in the 1966-1968 Batman series as well as the 1966 film of the same name Batman.

The Movie) is a 1966 film adaptation of the popular Batman television series, and was the first full-length theatrical adaptation of the DC Comics character.

The 20th Century Fox release starred Adam West as Batman and Burt Ward as Robin, as well as Lee Meriwether as Catwoman, Cesar Romero as the Joker, Burgess Meredith as the Penguin and Frank Gorshin as the Riddler.

BATMAN

GAMER *Film Review*

Batman (1989)

Tim Burton took over as director of the first Batman film in 1986. Steve Englehart and Julie Hickson wrote film treatments before Sam Hamm wrote the first screenplay.

Numerous A-list actors were considered for the role of Batman before Michael Keaton was cast. Keaton was a controversial choice for the role since, by 1988, he had become typecast as a comedic actor and many observers doubted he could portray a serious role.

GAMER *Film Review*

Jack Nicholson accepted the role of the Joker under strict conditions that dictated a high salary, a portion of the box office profits and his shooting schedule. Nicholson's final salary is reported to be as high as $50 million.

Principal photography took place at Pinewood Studios from October 1988 to January 1989.

The budget escalated from $30 million to $48 million, while the 1988 Writers Guild of America strike forced Hamm to drop out.

GAMER *Film Review*

Rewrites were performed by Warren Skaaren, Charles McKeown and Jonathan Gems.Batman received positive reviews, broke numerous box office records, and won the Academy Award for Best Art Direction. The film grossed over $400 million and left a legacy over the modern perception of the superhero film genre.

GAMER Film Review

Batman Returns (1992)

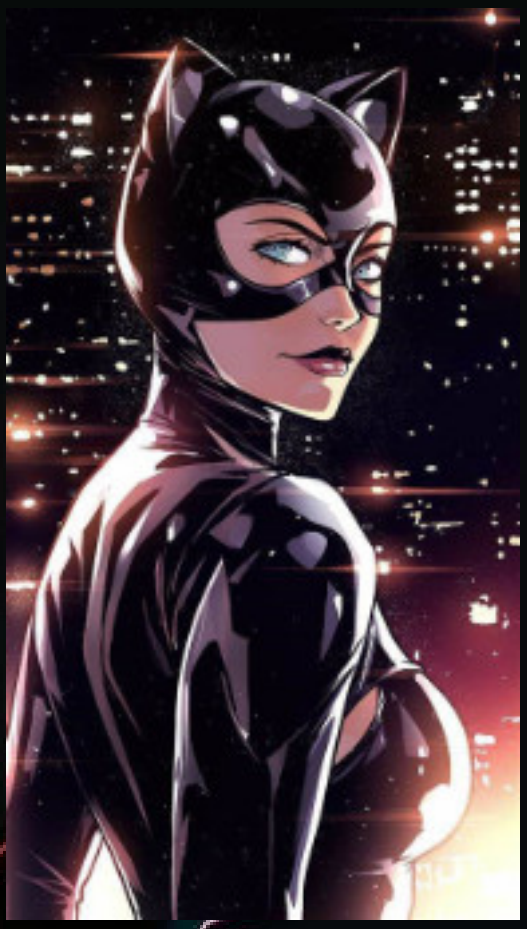
Main article: Batman Returns

Burton originally did not want to direct a sequel because of his mixed emotions over the previous film.

Script had the Penguin and Catwoman searching for hidden treasure. Daniel Waters delivered a script that satisfied Burton, which convinced him to direct the film. Wesley Strick went uncredited for writing the shooting draft, deleting the Robin character, reworking the Penguin's characterization and "normalizing" all dialogue.

GAMER *Film Review*

A-list actresses lobbied hard for the role of Catwoman before Michelle Pfeiffer was cast, while Danny DeVito signed on to portray the Penguin. Filming started at Warner Bros. in Burbank, California in June 1991.



GAMER *Film Review*

Batman Returns was released with financial success, but Warner Bros. was disappointed with the film's box office run because it earned less than its predecessor. However, Batman Returns was released to generally positive reviews, with praise for its action sequences, performances, Danny Elfman's score, effects and villains, although its dark tone and high level of violence for a PG-13 film was criticized.

GAMER *Film Review*

Batman Forever (1995

Val Kilmer portrayed Batman in Batman Forever (1995)

Although Batman Returns was a financial success, Warner Bros. felt the film should have made more money.

The studio decided to change the direction of the Batman film series to be more mainstream. Joel Schumacher replaced Tim Burton as director, while Burton decided to stay on as producer.

However Michael Keaton did not like the new direction the film series was heading in and was replaced by Val Kilmer as Batman. Chris O'Donnell was introduced as Robin, Jim Carrey starred as The Riddler, while Tommy Lee Jones starred as Two-Face.

GAMER *Film Review*

Batman Forever (1995

Filming started in September 1994, and Schumacher found Kilmer and Jones difficult to work with. Batman Forever was released on June 16, 1995, with financial success, earning over $350 million worldwide and three Academy Award nominations.

GAMER *Film Review*

The film received mixed reviews from critics, with criticism directed towards the CGI, Kilmer's performance, costume designs and tonal departure from previous films, but praising the visuals, action sequences and performances of Carrey and Jones.

GAMER *Film Review*

George Clooney took over the role of Batman in the critically maligned Batman & Robin (1997)

After the release of Batman Forever, Warner Bros. started development on Batman & Robin, commissioning it on fast track for an adamant June 1997 release. Val Kilmer did not return, because of scheduling conflicts with The Saint and was replaced by George Clooney. Arnold Schwarzenegger starred as Mr. Freeze, while Uma Thurman played Poison Ivy, Alicia Silverstone played Batgirl, and Robert Swenson played Bane.

GAMER *Film Review*

Chris O'Donnell reprized his role as Robin. Michael Gough and Pat Hingle are the only cast members to appear in all four films as Alfred Pennyworth and Commissioner Gordon respectively. Principal photography began in September 1996 and finished in January 1997, two weeks ahead of the shooting schedule.

GAMER *Film Review*

Batman & Robin was released on June 20, 1997, and received primarily negative reviews. Observers criticized the film for its campy approach. The film was a financial success, but remains the least commercially successful live-action Batman film. ranks among the worst rated superhero films of all time.

GAMER *Film Review*

The Dark Knight trilogy (2005–2012)

The Dark Knight Trilogy consists of Batman Begins (2005), The Dark Knight (2008), and The Dark Knight Rises (2012), all directed by Christopher Nolan.

Collectively grossing over $2.4 billion at the worldwide box office, the trilogy has been ranked among the greatest ever made.

GAMER *Film Review*

Batman Begins 2005

The film begins with the death of Bruce's parents and then explores his decision to leave Gotham and his training under the League of Shadows, with Ra's al Ghul, before he rebels against the League and adopts the guise of Batman, recognizing that he cannot condone their use of lethal force. The League attempt to attack Gotham using Jonathan Crane's weaponize fear toxin, but Batman is able to defeat them. Batman Begins was both critically and commercially successful.

GAMER *Film Review*

The Dark Knight (2008)

Christopher Nolan reprized his duties as director, and brought his brother, Jonathan, to co-write the script for the second installment. The Dark Knight featured Christian Bale reprising his role as Batman/Bruce Wayne, Heath Ledger as The Joker, and Aaron Eckhart as Harvey Dent / Two-Face. Katie Holmes turned down her role as Rachel, and Maggie Gyllenhaal was cast instead. Principal photography began in April 2007 in Chicago and concluded in November. Other locations included Pinewood Studios, Ministry of Sound in London and Hong Kong.

GAMER *Film Review*

On January 22, 2008, after he had completed filming The Dark Knight, Ledger died from an accidental overdose of prescription medication. Warner Bros. had created a viral marketing campaign for The Dark Knight, developing promotional websites and trailers highlighting screen shots of Ledger as the Joker, but after Ledger's death, the studio refocused its promotional campaign.

GAMER *Film Review*

The film depicts Batman fighting The Joker, aided by the prosecution of charismatic District Attorney Harvey Dent. The Joker tests Batman's resolve when he causes Rachel's death and Dent's transformation into the disfigured criminal Two-Face. Although Batman is able to stop the Joker from forcing two ferries - one loaded with civilians and the other with prisoners - to destroy each other, he is forced to take the blame for the murders committed by Dent to ensure that Gotham's citizens do not lose hope for the future.

GAMER *Film Review*

The Dark Knight received broad critical acclaim, and set numerous records during its theatrical run. With just over $1 billion in revenue worldwide., it became the 4th-highest-grossing film of all time, adjusted for inflation. The film received eight Academy Award nominations; it won the award for Best Sound Editing and Ledger was posthumously awarded Best Supporting Actor. Critics and film writers often cite The Dark Knight as one of the best films of the 2000s.

GAMER *Film Review*

The Dark Knight Rises (2012)

Set eight years after Dark Knight, the arrival of new foe Bane forces Bruce to return to his old role as Batman, only to find himself overpowered and captured by Bane as Gotham is cut off from the rest of the world with a stolen Wayne Enterprises fusion generator prototype set to go off in a few months.

GAMER *Film Review*

With the aid of thief Kyle, Bruce is able to return to Gotham and defeat Bane while redeeming his image as Batman.

Upon release, The Dark Knight Rises received a positive critical response and was successful at the box office, going on to out gross its predecessor and become the 24th-highest-grossing film of all time grossing over $1.08 billion. It is considered one of the greatest superhero films of all time.

GAMER *Film Review*

Batman v Superman: Dawn of Justice (2016)

On June 13, 2013, a source from Warner Bros. told The Wrap that they were discussing more Man of Steel films, as well as a Superman/Batman film, Wonder Woman, and Aqua man. Warner Bros. announced that Superman and Batman would unite in a new film, a follow-up to Man of Steel (2013), taking its inspiration from the comic The Dark Knight Returns and set for release in 2015.

GAMER *Film Review*

At some point prior to the events of the film, Wayne Manor has decayed, and Bruce and Alfred relocated to a smaller glass house above the Batcave. During the film, Lex Luthor manipulates Batman into perceiving Superman as an enemy, and at the same time kidnaps Martha Kent and demands Superman to kill Batman in exchange of Martha's life.

GAMER *Film Review*

Batman fights and nearly kills Superman with kryptonite weapons, but when a weak Superman pleads to Batman that he's "letting him kill Martha", a confused Batman remembers the death of his own mother, who shares the name. This confuses Batman enough time so Lois Lane arrives and explains the situation.

GAMER *Film Review*

Seeing how hard he has fallen, Batman saves Martha Kent from Luthor's minions, and then fights alongside Superman and Wonder Woman to contain the Kryptonian deformity Luthor created to kill Superman. Taking Luthor's metahuman files, Bruce states that he intends to gather the meta humans to prepare for an implied future threat.

GAMER *Film Review*

Justice League (2017)

Shortly after filming had finished for Man of Steel,

In April 2014, it was announced that Zack Snyder would also be directing Goyer's Justice League script. Warner Bros. was reportedly courting Chris Terrio to rewrite Justice League the following July, after having been impressed with his rewrite of Batman v Superman. During post-production of the film,

Zack Snyder left the film due to the death of his daughter.

Joss Whedon took over the project and wrote and directed reshoots.

GAMER *Film Review*

Zack Snyder's Justice League (2021)

The divisive reaction toward the final cut of Justice League, with Zack Snyder leaving directorial duties and the final cut of the film in the hands of Joss Whedon, has led to an argument.

GAMER *Film Review*

The Batman franchise (2022–present).

Robert Pattinson portrays the titular role in The Batman directed by Matt Reeves.

In February 2017, Matt Reeves was hired to direct The Batman, replacing Ben Affleck who wrote the original script until it was replaced by Reeves and Peter Craig. however, due to creative differences, the film would focus on a younger Batman.

Robert Pattinson was cast as Bruce Wayne / Batman and is set to appear in three films, accumulating an eventual trilogy.

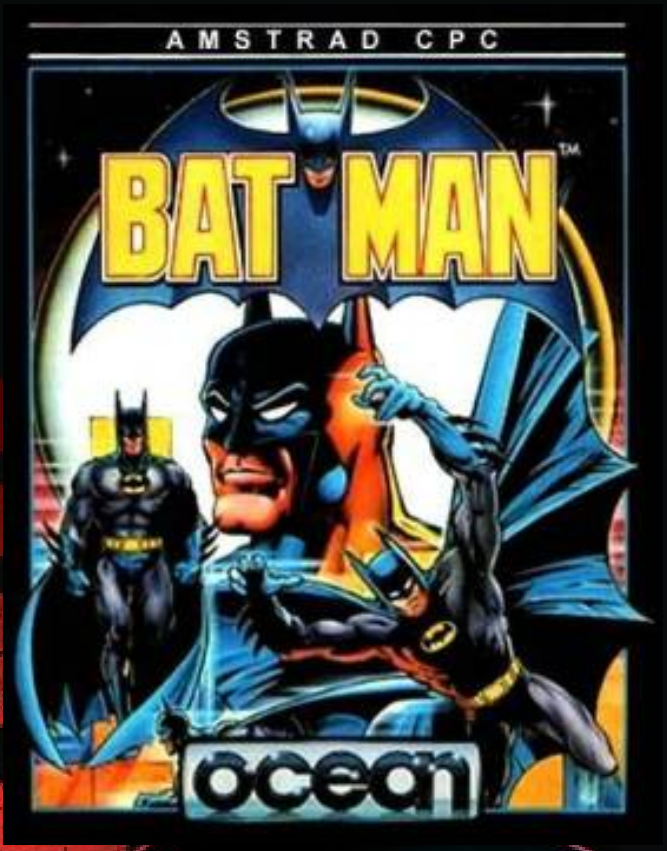
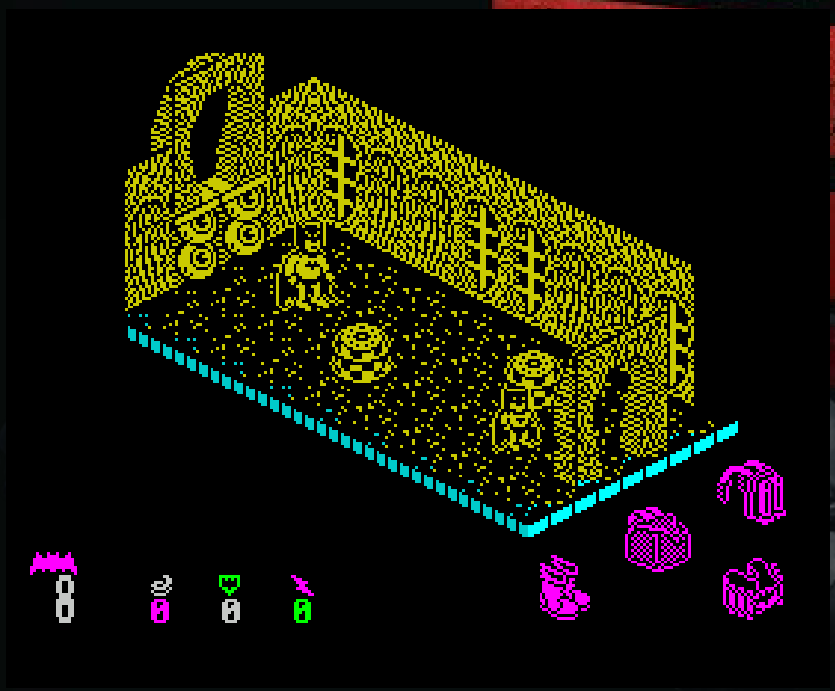
Batman

(1986 video game)



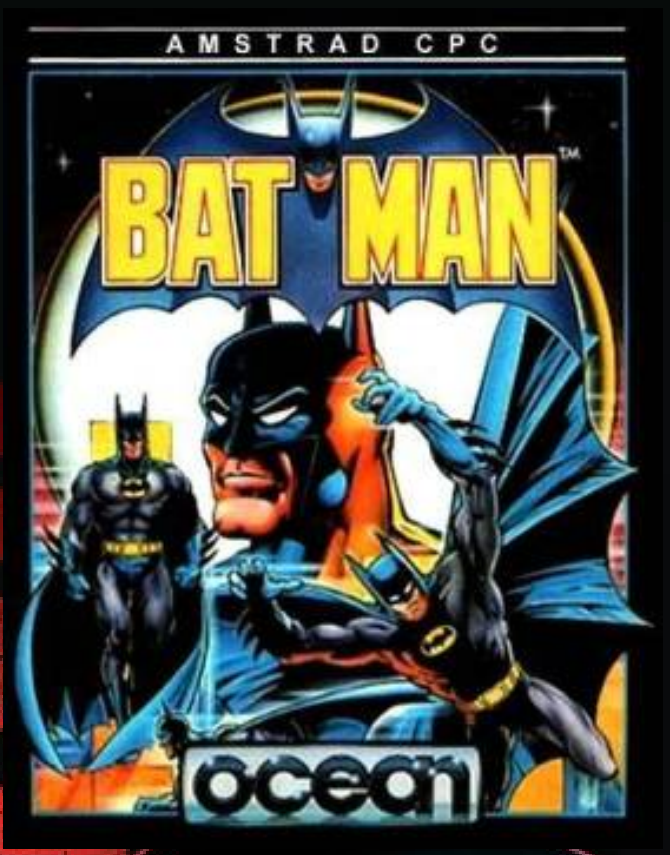
Batman is a 1986 isometric action-adventure game by Ocean Software for the Amstrad PCW, Amstrad CPC, ZX Spectrum, and MSX and the first Batman game developed. The game received favourable reviews.



An unrelated Batman game was released two years later, titled Batman: The Caped Crusader.

GAMER Retro Game Review

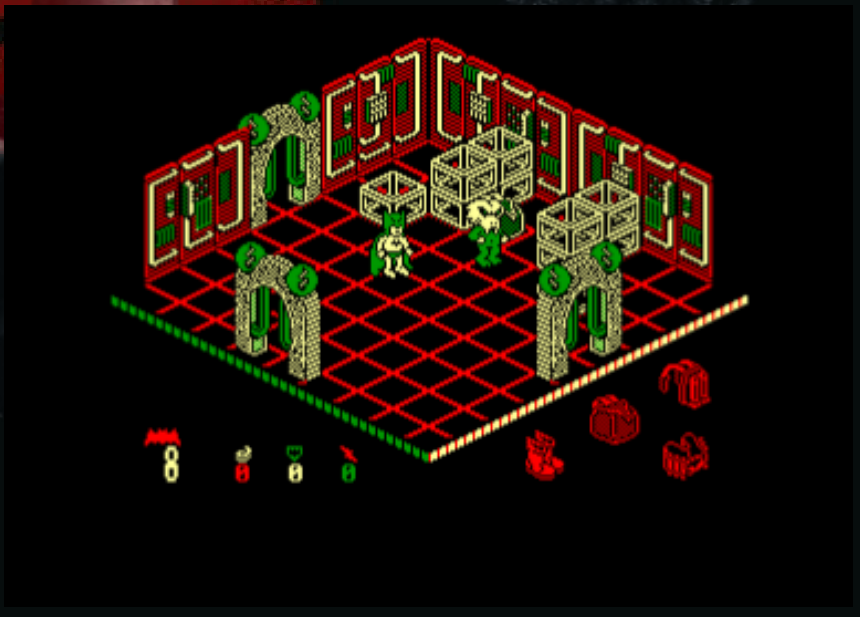
ZX Spectrum version



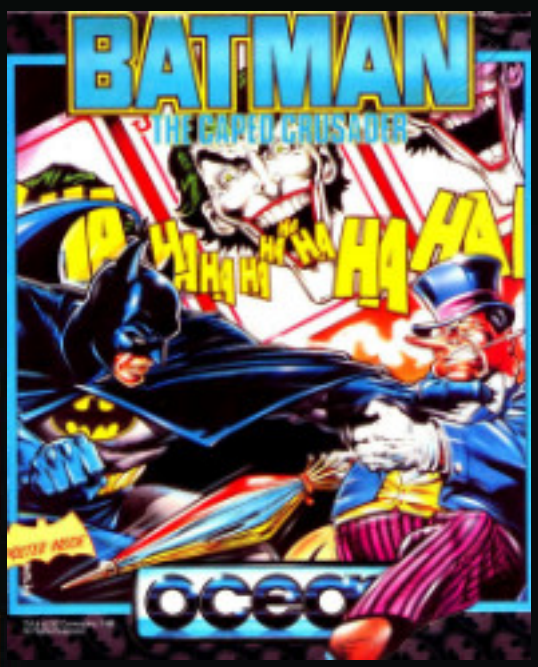
The object of the game is to rescue Robin by collecting the seven parts of the Bat craft hovercraft that are scattered around the Batcave. The game play takes place in a 3D isometric universe.

Batman was received well by the computer game press at the time.

The game reached the number one position in the Amstrad, ZX Spectrum and All-Format charts in the same week in May 1986.



GAMER Retro Game Review

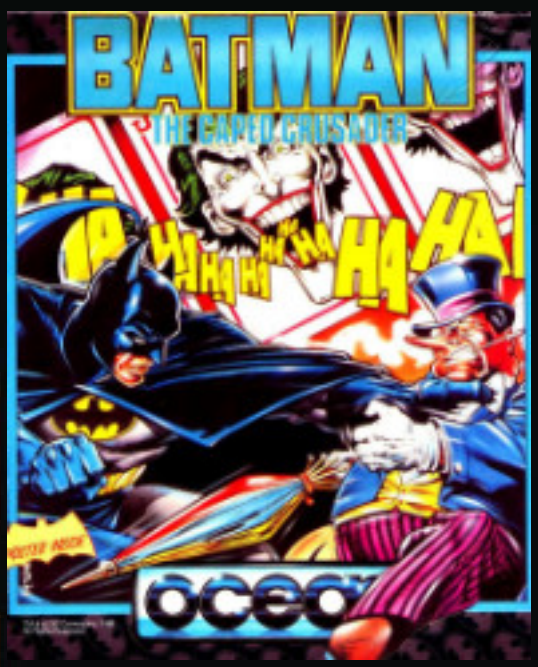


Batman: The Caped Crusader is an action-adventure game published by Ocean Software in 1988.

Batman: The Caped Crusader is an arcade adventure which uses a unique style,

This technique involved having each game location set in its panel, often with a comic book-style caption in the upper-left corner, with inactive panels faded out behind the currently active location.

GAMER Retro Game Review

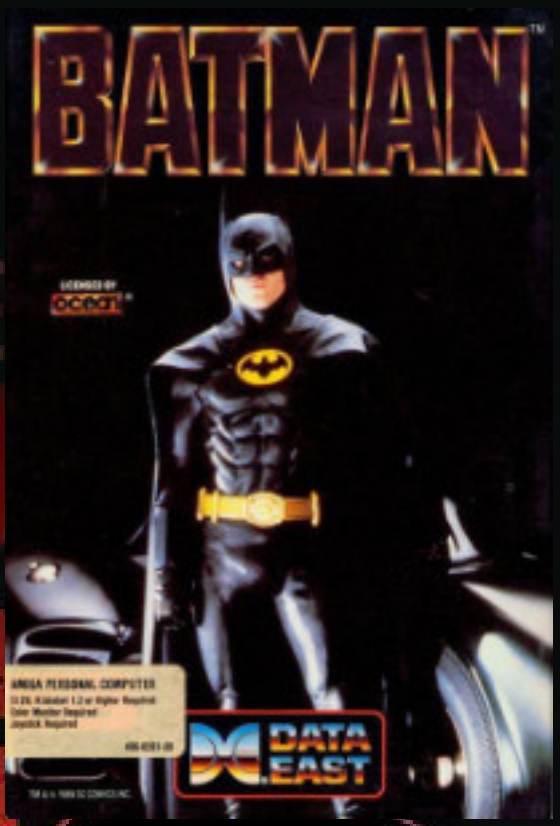


Batman uses punches and kicks and his Batarang (a thrown weapon) to fight the villains' henchmen as well as solve puzzles.

Batman: The Caped Crusader 1988 had very positive reviews, praising the graphics, particularly the Atari ST's graphics over the C64's, but noted that the game emphasizes mazes and puzzles over beating up bad guys was not to everybody's game play style.

GAMER Retro Game Review

Batman (1989 video game)



Amiga, Amstrad CPC, Atari ST, Commodore 64, MS-DOS, MSX, ZX Spectrum Release 1989

Batman 1989 is an action video game developed and published by Ocean Software based on the 1989 film of the same name. It was released on 11 September 1989 for the Commodore 64 and ZX Spectrum with Amiga, Amstrad CPC, Atari ST, MS-DOS and MSX versions following soon after.

The game consists of five levels based on events from the movie. Each stage has a time limit and a health gauge (represented by Batman's face turning into the Joker's), with Batman losing a life if he runs out of either. The levels have varying gameplay:

Commodore UK reached an agreement with Ocean Software to bundle the game with Amiga 500 computers.

Between October 1989 and September 1990, A500 machines were sold in the United Kingdom in Batman-themed boxes containing the game and The New Zealand Story, as well as F/A-18 Interceptor and Deluxe Paint II, both contributed by Electronic Arts.

GAMER Retro Game Review

With an initial commission of 10,000 units, a total of 186,000 were sold at the end of the run, making it the most successful Amiga bundle ever sold by Commodore.

The game was number 1 in the Spectrum charts for February 1990.

Amiga Version was recommended the Amiga fans and the Commodore 64 version was buggy.

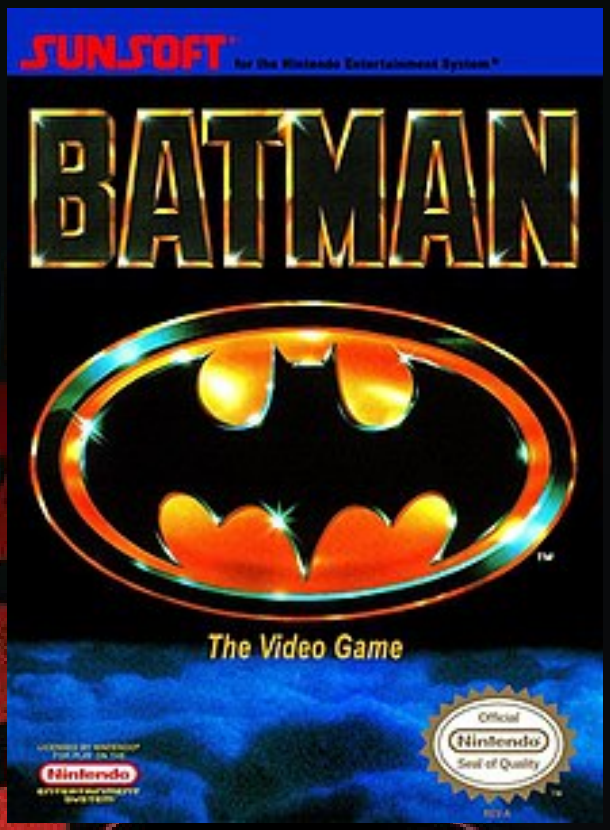
Batman:

The Video Game 1990

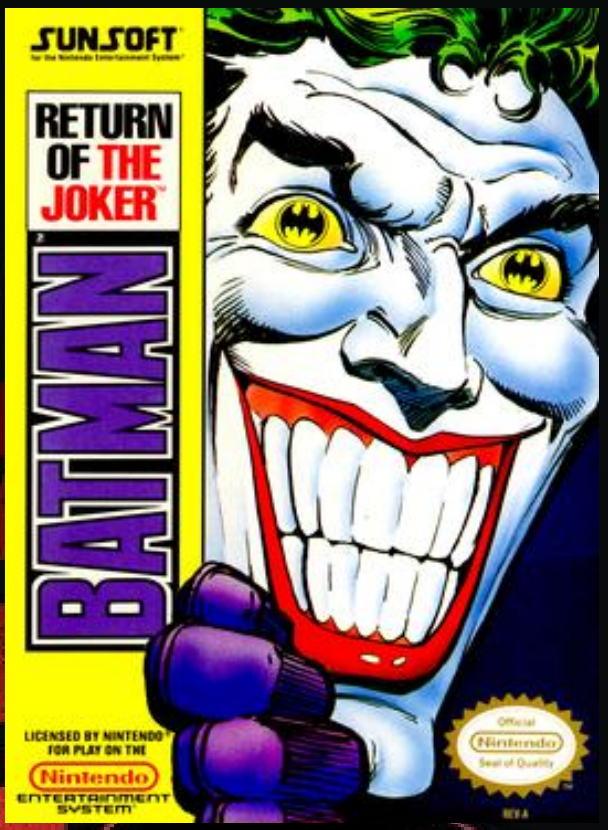


Batman: The Video Game for the Nintendo Entertainment System and Game Boy, loosely based on the 1989 film of the same name. Despite having the same title, each is actually a different game.

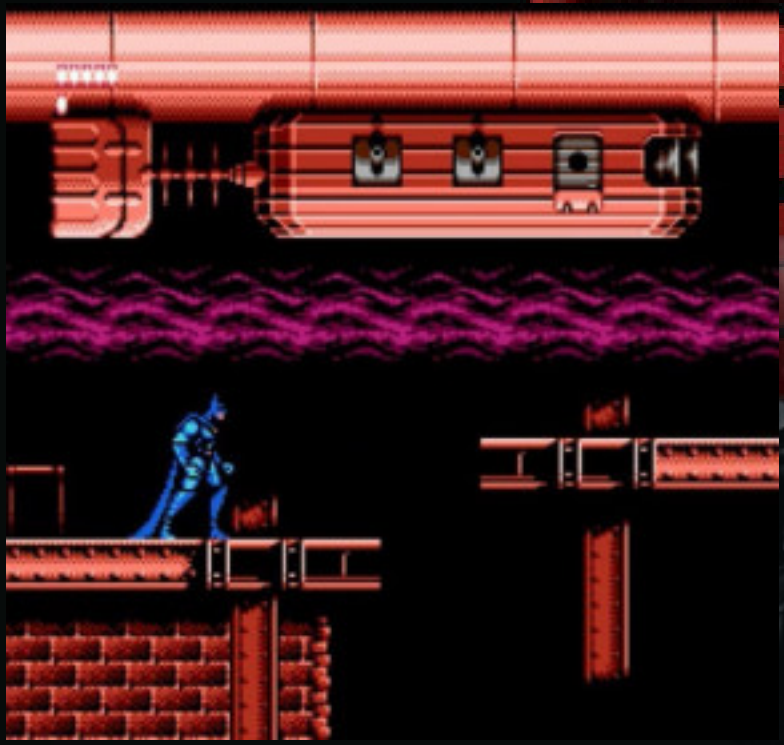
The NES title is arguably the best known and contains five levels culminating in a final showdown with the Joker in the bell tower of Gotham Cathedral. It was received well despite changes from the movie upon which it was based.

GAMER Retro Game Review

Batman: Return of the Joker 1991, NES, Game Boy, Sega Genesis.



In Batman: Return of the Joker, the titular hero is on journey to the Joker's secret hide-out after called by Gotham City to find metals stolen by the Joker, one of which is highly toxic and used to build explosives for missiles



Return of the Joker is a side-scrolling run and gun platformer.

GAMER Retro Game Review

Batman Returns (video game)

Batman Returns is a 1992 beat 'em up video game for various platforms based on the film of the same name.

The Sega Genesis and Sega CD versions of the game are more or less identical, as they are both two-dimensional platforming games similar in design to Sega's previous movie-based Batman game.

The Sega Master System and Sega Game Gear versions of the game are side-scrolling platform games. However, the titles were created independently of the 16-bit versions. This version featured a unique branched level system, allowing players to choose from an easy and difficult route.

Konami versions

The SNES version of the game was released in 1993. It is fundamentally a left-to-right scrolling fighter beat 'em up, a genre that was featured heavily on the console at the time.

The DOS version of the game, published by Konami, differs considerably from the other versions, in that it was not primarily an action game, but rather an adventure game.

GAMER Retro Game Review

Batman: The Animated Series is a side-scrolling action game by Konami released for the Game Boy in 1993 based on the TV series of the same title. A Super NES version was also planned, but the game was ultimately released under the title The Adventures of Batman & Robin due to the show undergoing a title change between seasons.

The game is an action-adventure platformer. The player can switch between Batman or Robin to gain access to character-specific abilities. Batman uses a grappling hook to scale heights, Robin walks across ceilings, and both characters can perform wall jumps.

GAMER Retro Game Review

The Adventures of Batman & Robin

SNES, Sega CD, Sega Genesis, Game Gear

The Adventures of Batman & Robin is a series of video game adaptations released between 1994 and 1995 featuring the DC Comics characters Batman and Robin based on Batman.

For the most part, it is an action-adventure platformer in which the player controls Batman, and follows him to the end of each stage, where a villain is set to appear.

GAMER Retro Game Review

Batman Forever (video game) 1998

SNES, Sega CD, Sega Genesis, Game Gear

Batman Forever is a beat "em-up video game based on the movie of the same name. Though released by the same publisher at roughly the same time, it is an entirely different game from Batman Forever: The Arcade Game. The game was followed by Batman & Robin in 1998, itself based on the movie of the same name.

GAMER Retro Game Review

Batman Beyond: Return of the Joker for Nintendo 64 & PlayStation 2000

Batman Beyond is a side-scrolling beat 'em-up game.

The game is based on the film of the same name, which in turn was based on the TV series Batman Beyond.

Players act as the new Batman, who takes over the position of the retired Bruce Wayne and fights against the Joker z gang led by the recently revived Joker. Throughout the game, Batman fights the villain's cronies, who steal tech components from various laboratories and corporations in Gotham City.

GAMER Retro Game Review

Batman: Chaos in Gotham is a video game that was released in 2000 by Ubisoft for the Nintendo Game Boy Color. It is based on The New Batman Adventures.

Arkham Asylum has undergone a massive breakout and all manner of super villains are running rampant throughout Gotham City. While rounding up the escaped inmates, Mr Freeze, The Joker, Harley Quinn, Roxy Rocket, Poison Ivy and Bane, Batman comes to find out that it was Two-Face who masterminded the breakout and must put a stop to him before he can bring Gotham City to its knees.

GAMER Retro Game Review

Batman: Vengeance

2001 action-adventure video.

It was released for PlayStation 2, Game Boy Advance, Game Cube, Xbox and Microsoft Windows.

The game is based on the television series The New Batman Adventures.

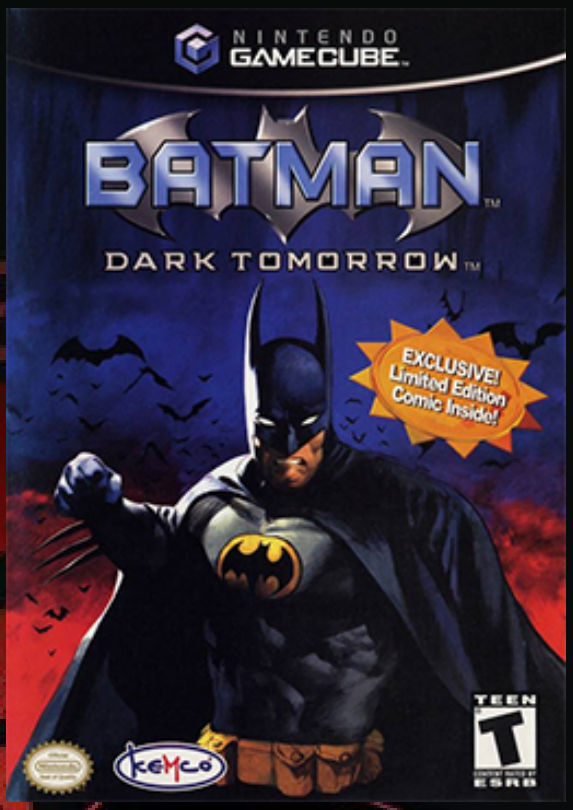
The story centers on Batman's investigation of the Joker's apparent death after their latest encounter, while having to deal with other villains and their schemes

Batman Vengeance received "mixed or average reviews" across all versions of the game.

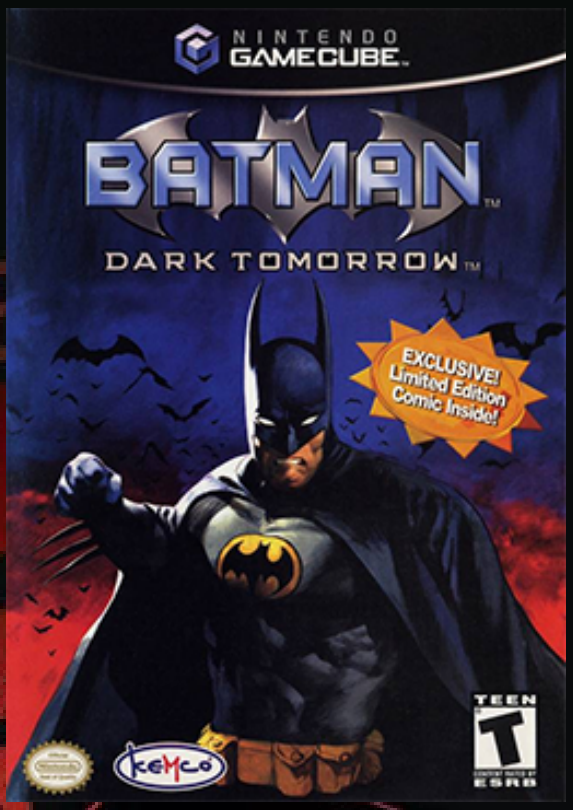
GAMER Retro Game Review

Batman: Dark Tomorrow

Game Cube, Xbox 2003



Batman: Dark Tomorrow is a linear, stealth-based action game in which players control Batman as he fights crime. Batman is equipped with several of his tools, such as Batarangs, smoke bombs, and grappling hooks. Levels each have certain objectives that players must achieve in order to proceed, while criminals and enemies will attempt to stop your progress.



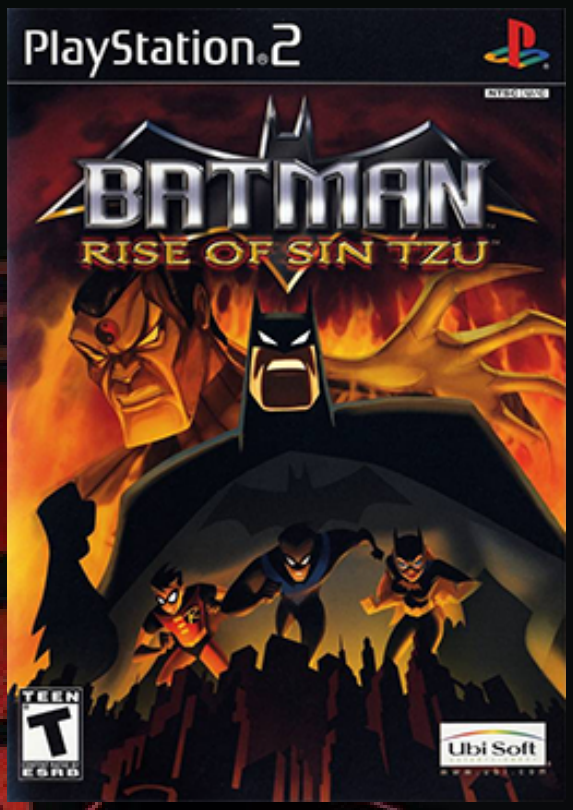
While enemies can be knocked unconscious, they cannot be killed (due to Batman's "no killing" code); this requires the player to handcuff the criminal in order to keep them from attacking. There are several parts in levels in which the game saves; if the player dies, it will reload to the last save.

Batman: Dark Tomorrow gained infamy for receiving negative reviews on both platforms.

Primary criticism of the game was directed at its control scheme, repetitive missions.

GAMER Retro Game Review

Batman: Rise of Sin Tzu is a 2003 action beat 'em up video game released for the Xbox, PlayStation 2, Game Boy Advance,Game Cube consoles.



Batman: Rise of Sin Tzu received mixed reviews from critics. It was the final Batman game based on the DC Animated Universe.

The game also features a four-player cooperative multiplayer mode. Players can unlock upgrades for their character, such as new fighting moves, by completing levels and advancing through the game's story line.

GAMER Retro Game Review

Lego Batman: The Video game is a 2008 action-adventure video game for the Xbox 360, PlayStation 3, PlayStation 2, PlayStation Portable, Wii, Nintendo DS, Microsoft Windows, and Mac OS X.

The player controls any one of a wide assortment of characters from a third-person perspective, primarily fighting enemies, solving puzzles, and collecting Lego "studs", the game's form of currency. The game received positive reviews, and spawned two sequels: Lego Batman 2: DC Super Heroes and Lego Batman 3: Beyond Gotham, as well as a villains-only spin-off, Lego DC Super-Villains.

Batman: Arkham Asylum 2009

PlayStation 3,Xbox 360

Microsoft Windows,Mac OS X,

PlayStation 4, Xbox One.

Batman: Arkham

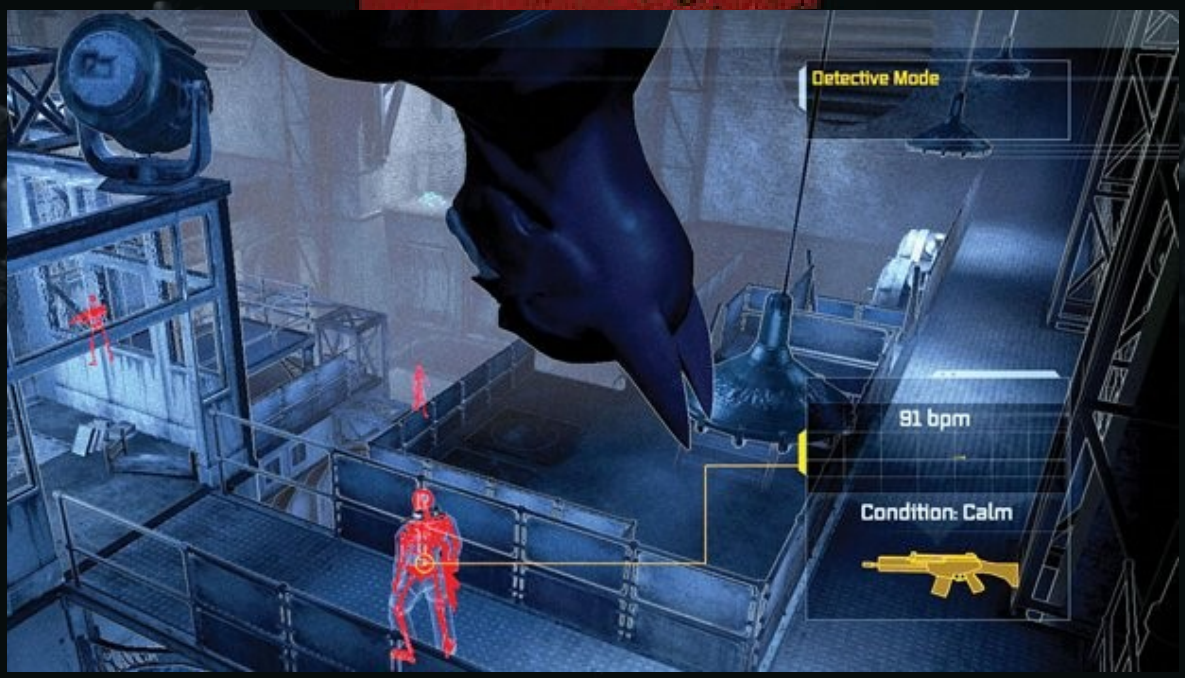
Asylum is a 2009 action-adventure game .

In the game's main story line, Batman battles his archenemy, the Joker, who instigates an elaborate plot to seize control of Arkham Asylum, trap Batman inside with many of his incarcerated foes, and threaten Gotham City with hidden bombs.

GAMER *Retro Game Review*

The game is presented from the third-person perspective with a primary focus on Batman's combat and stealth abilities, detective skills, and gadgets that can be used in combat and exploration.

Batman can freely move around the Arkham Asylum facility, interacting with characters and undertaking missions, and unlocking new areas by progressing through the main story or obtaining new equipment.



GAMER *Retro Game Review*

The player is able to complete side missions away from the main story to unlock additional content and collectible items. Combat focuses on chaining attacks together against numerous foes while avoiding damage, while stealth allows Batman to conceal himself around an area, using gadgets and the environment to silently eliminate enemies.

GAMER *Retro Game Review*

Arkham Asylum was released worldwide for the PlayStation 3 and Xbox 360 video game consoles in August 2009.

The game received critical acclaim, particularly for its narrative and combat. Upon release, many reviewers called it the "greatest comic book game of all time.

GAMER *Retro Game Review*

Batman: Arkham City is a 2011 action-adventure game based on the DC Comics superhero Batman, it is the sequel to the 2009 video game Batman: Arkham Asylum and the second installment in the Batman: Arkham series. Batman is incarcerated in Arkham City, a super-prison enclosing the decaying urban slums of fictional Gotham City. He must uncover the secret behind a sinister scheme orchestrated by the facility's warden, Hugo Strange.

GAMER *Retro Game Review*

The game is presented from the third-person perspective with a primary focus on Batman's combat and stealth abilities, detective skills, and gadgets that can be used in both combat and exploration. Batman can freely move around the Arkham City prison. Interacting with characters and undertaking missions, and unlocking new areas by progressing through the main story or obtaining new equipment. The player can complete side missions away from the main story to unlock additional content and collectible items. Batman's ally Catwoman is another playable character, featuring her story campaign that runs parallel to the game's main plot.

GAMER *Retro Game Review*

Arkham City was released worldwide for the PlayStation 3 and Xbox 360 video game consoles in October 2011, followed by a Microsoft Windows version a month later. The game received critical acclaim, particularly for its narrative, character and world designs, soundtrack, and Batman's combat and navigation abilities. It was tied with The Elder Scrolls V: Skyrim for the highest-rated video game of 2011.

The game has approximately 40 hours of game play, with the main campaign lasting 25 hours and side missions lasting 15 hours. The side missions can be attempted at any time.

GAMER Retro Game Review

Lego Batman 2: DC Super Heroes is a 2012 Lego-themed action-adventure game. The game's main story line follows Batman, Robin and later Superman as they attempt to foil the Joker and Lex Luthor's plans to have the latter become president of the United States, joining forces with the Justice League along the way.

Lego Batman 2 was released worldwide for the Microsoft Windows, PlayStation 3, Wii, Xbox 360, PlayStation Vita, Nintendo 3DS and Nintendo DS in June 2012.

GAMER Retro Game Review

Batman: Arkham Origins
2013 PlayStation 3,Wii U,Windows,Xbox 360.

Batman: Arkham Origins is a 2013 action-adventure game.

Arkham Asylum Orgins follows a younger, less-refined Batman. When a bounty is placed on him by crime lord Black Mask, drawing eight of the world's greatest assassins to Gotham City on Christmas Eve, Batman must bring Black Mask to justice, while also being hunted by the police and having to face other villains, such as the Joker and Anarky, who take advantage of the chaos to launch their nefarious schemes.

GAMER Retro Game Review

Running time 77 minutes

Batman:

The Killing Joke is a 2016 American adult animated thriller superhero film.

Cast Kevin Conroy as Bruce Wayne / Batman

Mark Hamill as Joker / Red Hood

Tara Strong as Barbara Gordon / Batgirl

Ray Wise as Commissioner James Gordon

The film is directed by Sam Liu, written by Brian Azzarello and stars the voices of Kevin Conroy, Mark Hamill, Tara Strong, and Ray Wise. Like the novel, the film follows the Joker's undertaking to drive police commissioner James Gordon insane, and Batman's desperate attempts to stop him. While out on patrol, Barbara Gordon (Batgirl) fails to stop a robbery, but manages to stop one criminal with help from Batman.

GAMER *Animated film Review*

Paris Franz, the robbers' leader and the nephew of a powerful mob boss, develops a dangerous obsession with her and starts sending her messages.

After Franz tricks her into finding his uncle's dead body, Batman becomes concerned about her safety and takes her off the case, telling her that she will eventually be tempted to kill the criminals she pursues. Outraged, Batgirl attacks Batman physically and verbally, which leads to them having sex.

few nights later, Batgirl tries to apologize to Batman, but he is ambushed by Franz and his men, prompting her to come to his aid. When she arrives and overpowers Franz, he makes her lose control and give him a savage beating, stopping just short of killing him. Realizing Batman was right, she retires from crime-fighting.

The Killing Joke is Worth a Watch.

GAMER *Animated film Review*

Batman: Gotham by Gaslight is a 2018 American adult animated superhero film.

In Victorian-era Gotham City,

Ivy, an orphan turned exotic dancer and prostitute, becomes the newest victim of the serial killer called Jack the Ripper, who preys on Gotham's poor and destitute women.

Citizens of Gotham believe Batman and Jack to be the same man.

Time is running out for Batman and Selina Kyle to stop Jack the ripper before he kills again.

Stage actress Selina Kyle berates Gotham Police Commissioner James Gordon and Chief of Police Harvey "Bulldog" Bullock for their failure to stop the Ripper murders. Batman Gotham by Gaslight film had positive reviews, definitively among the best of the DC Animated Universe film that surpasses Batman The Killing Joke.
